A Global Leader in
Remote Proctored Assessments

Client Overview

Founded in 1995, this pharmaceutical company operates in 34 overseas destinations, employs 14,000 dedicated professionals, and is now one of the leading pharmaceutical manufacturing companies in India.

Challenges

For the first time, the client opted for online assessments to hire candidates from campuses, targeting fresh graduates from courses such as B. Pharma and M. Pharma. Previously, they relied on pen-and-paper assessments.

Solution

Wheebox - an ETS company designed an assessment for the client, focusing on domain knowledge in pharmaceuticals. The campus drives were conducted across North India, resulting in offers being extended to 350 candidates. Wheebox - an ETS company provided on-ground support at campuses, assisting recruiters in conducting seamless assessments. Results were shared in real time immediately after the assessments, enabling same-day interviews and offer rollouts for selected candidates. The recruiters were at ease as it was the first time they went for an online assessment from pen and paper form. The end to end support at the campuses helped them meet their numbers in time and expedite the process at the campuses.
