A Global Leader in
Remote Proctored Assessments

Client Overview

The client is the key certifying agency for a government initiative which envisioned to provide most updated global industry relevant computer education within the reach of more and more in the areas of Information, Electronics and Computer Education.

Challenges

The government initiative is part of the Digital India programme which aims to transform India into a digitally empowered society and knowledge economy.

Assessments required post training candidates on various programmes under government schemes in a secured environment.

What is the Solution ?

Wheebox - An ETS Company has created an authoritative platform for online examination of all people who have been trained. The online examination system ensures that identity of people appearing for the examination is verified, in real time, through Aadhar biometric validation. Process:

1. Using Wheebox - An ETS Company Safe Exam Browser the best possible security and stability of e-assessments was achieved.
2. Approval of exam by proctors - The registered candidates are verified online by the approvers from a remote location by matching their identity proofs and photo.
3. Proctors can manage 25-30 candidates together from any location and monitor the examination online, view candidate video and assessment screen, warn or for termination on malpractice.
4. Geo location and Alerts.
5. Digital history of candidate for 6 months - Analytics dashboard carries all logs of activities performed by candidate and proctor during examination alongwith test scores, images of the candidates.

Wheebox - An ETS Company is assessing average 10000 + students everyday.
