A Global Leader in
Remote Proctored Assessments

Client Overview

The client provides unmatched services in strategy, consulting, digital, technology and operations. It partners with more than three-quarters of the Fortune Global 500, driving innovation to improve the way the world works and lives. It has expertise across more than 40 industries and all business functions.

Challenges

With the company being at a significant stage of growth they intend on hiring at least 1 lakh candidates in a year. However, hiring in bulk would put a huge logistical burden on their recruitment team.
The client wanted assistance with:

1. Formulating a recruitment plan for the company, within a short span of time.
2. Ensuring the recruitment of highly talented and intelligent candidates by evaluating them using appropriate recruiting strategy.
3. End to end solutions such as creating test content, providing online platform, managing offline test centres and providing technical support.

What is the Wheebox ETS Solution ?

1. Wheebox ETS conducted 2 lakhs assessments across test centres all over India within a span of one year.
2. Provided the organisation with a databank of technical and aptitude questions.
3. Managed test centres by providing on ground support to ensure smooth and hassle free recruitment experience of test centres.
4. Provided 24/7 online support to assist the candidate in addressing any issue faced during the test.
5. Improved the quality of individuals recruited in the company.
6. Wheebox ETS online platform used by the company helped them in speeding their recruitment process.
7. Wheebox ETS identified critical to quality parameters in conjunction with the client and created standardised assessments consisting of skills including coding, case studies and behavioural competencies.
