

MANAGING LARGE-SCALE ONLINE EXAMINATIONS

wb_info@ets.org

A Global Leader in
Remote Proctored Assessments

Client Overview

The university was established by the Government of Uttar Pradesh in the year 2000. Its jurisdiction spans the entire state of U.P. , affiliating with B.Tech., M.B.A., M.C.A., B.Arch., B.Pharma., B.H.M.C.T., M.Tech., and Ph.D. programs in 756 colleges/institutions imparting graduate, postgraduate and doctoral level training across all government and private institutions located all over U.P. in areas such as engineering, technology, architecture, pharmacy, hotel management and catering technology as well as M.B.A. and M.C.A. programs.

The university envisions facilitating and nurturing the quality of technical education and research in its own premises, as well as all affiliated institutions. It also conducts State-level Entrance Examination, U.P.S.E.E., for admission into various programs in institutions. At present around 4 lac students are enrolled in its various programs.

Challenges

During the lockdown period, when most of the organizations were opting for digital solutions to connect with their respective stakeholders; schools, colleges, institutes and universities have also started conducting online classes, taking online assignments, and conducting online semester examinations. The university had only two requirements:

- The university wished to conduct remote proctored online assessments.
- It wanted a separate dedicated team in the campus for uploading content, creating test, quality check for the exam and registering candidates.

Solution

Wheebox - an ETS company understood this project and conducts 25000+ certifications every year. Multiple partner registration made easy for the client and candidates enrolled under one partner with number of assessments taken, sharing the results with candidates and publishing the certificate by just one click.

Tests conducted in multiple languages and report also generated in regional languages. E-certificate generated for a candidate clearing the passing criteria.

Process

- Wheebox - an ETS company created the company page using the university's logo and URL.
- Wheebox - an ETS company helped conduct online remote proctored examination for approx. 2.3 lakh students.
- Wheebox - an ETS company assigned a separate dedicated team in the university's campus for uploading content, creating test, quality check for the exam, and registering candidates .
- Wheebox - an ETS company shared the details to candidate via email and SMS provided by the University and also to the university to display the same on ERP.
- Wheebox - an ETS company customized a registration form for the candidates to check their details of the subject name and code.
- Wheebox - an ETS company provided a team for real-time tech support to candidates via IVR.

About Wheebox – An ETS Company

Wheebox- An ETS Company is one of the largest global firms in remote proctored assessments and consulting services. Headquartered in India and spread across GCC Countries. We deliver millions of assessments for corporations, institutions and governments globally.
