

DIGITIZING MCQ-BASED ONLINE EXAMS FOR 16 LAKH STUDENTS

wb_info@ets.org

A Global Leader in
Remote Proctored Assessments

Client Overview

The client is the university/board that offers technical education to students in Uttar Pradesh, India. It was set up in May 1958. The board offers around 60 courses of one, two, three, and four-year durations across different disciplines. There are over 30 trades offered in group A, such as Computer Science, IT, Mechanical, Electrical, Electronics, Automobile, and Civil. The functions of the board are – declaring the exam schedule, organizing semester exams, and declaring their results. Other functions include affiliating institutions, prescribing their standards of building, and equipment.

There are more than 80 colleges affiliated with the university that offer courses in group A. Other groups offer courses in Textiles, Home Science, Agriculture, and others. As of January 2019 there were over 800 institutes affiliated to the board, many of them being government polytechnics.

Challenges

As a part of digitizing education & exams during the pandemic, and also as an initiative towards digitizing India, the board wished to conduct online semester exams in its affiliated colleges for polytechnic students and diploma holders across all years & branches.
There were four major requirements of the board:

- They wished to conduct online remote proctored examination.
- They wished to conduct all MCQ-based exams.
- They wanted the exams to be bilingual.
- They wished to conduct exams both on mobile and laptop/desktop.

Solution

Wheebox - an ETS company planned and organized the pre-exam, during-exam and post-exam activities for the board. Wheebox - an ETS company helped the board conduct remote proctored online semester exams on laptop & mobile both, with features including face tracking, face recognition, and object detection for over 16 Lac Students.

Process

- Wheebox - an ETS company extensively customized the online exam platform.
- Wheebox - an ETS company shared the exclusive excel formats for content, Registration data, and Datesheet in which university is required to share the data.
- Wheebox - an ETS company helped the board with registration of students and face training initially.
- Wheebox - an ETS company aligned a separate dedicated team in the board campus for uploading content. creating test, quality check for the exam and registering candidates headed by our technical spoc.
- Wheebox - an ETS company provided a team for real-time tech support to candidates via IVR and support email.
